   /* Valid Command Line Options
    * ------------------------
    * Table Option:           -t <table>        (-t 3 for warehouse)
    * Output Column Delimiter:  -d <char>         (-d ' ', -d '|', etc)
    * Output to File:         -f[n] <file>      (-f customer.dat)
    * Output to Pipe:         -p[n] <pipename>   (-p tpccpipe.000)
    * Warehouse Range:        -r <start> <end>   (-r 1 100)
    * Scaling Report:         -s
    * Quiet Mode:             -q
    *
    * The -f[n] and/or -p[n] options are required.
    * The -t, -d, -r, -s and -q options are optional.
    *
    * If -d is omitted, the vertical bar (pipe) symbol ('|') will be used.
    * If -r is omitted, the range [1..WAREHOUSES] will be used.
    *
    * Due to the TPC-C spec requiring that orders and orderline be
    * generated at the same time, there is an extension to the -f and -p
    * options to specify one of the two output streams for each argument.
    *
    * -f1 orders.dat -f2 orderline.dat will output to two files
    * -f1 orders.dat -p2 tpccpipe.000 will output to a file and a pipe
    *
    * -f1/-p1 specifies the destination for the orders table
    * -f2/-p2 specifies the destination for the orderline table
    *

IBM Corporation
Tony Petrossian
11501 BURNET ROAD
Austin, TX 78758

Mr. Petrossian:

Here is the information you requested regarding pricing for several Microsoft products to be used in conjunction with your TPC-C benchmark testing.

All pricing shown is in US Dollars ($).

Part Number	Description	Unit Price	Quantity	Price
C11-00821	**Windows 2000 Server** *Server License Only - No CALs* *Discount Schedule: No Level* *Unit Price reflects a 8% discount from the retail unit price of $799.*	$738	160	$118,080
254-00170	**Visual C++ Standard Edition** *No Discounts Applied*	$109	1	$109
N/A	**Microsoft Problem Resolution Services** *Professional Support* *(1 Incident)*	$245	1	$245

All products are currently orderable through Microsoft's normal distribution channels. A list of Microsoft's authorized resellers can be found at: http://www.microsoft.com/products/info/render.aspx?view=22&type=mnp&content=22/licensing.

Defect support is included in the purchase price. Additional support is available from Microsoft PSS on an incident by incident basis at $245 per call.

This quote is valid for the next 90 days.

If we can be of any further assistance, please contact Jamie Reding at (425) 703-0510 or jamiere@microsoft.com.

Reference ID: PCtope0622016403.
Please include this Reference ID in any correspondence regarding this price quote.
